## Education

---

### Stephen F. Austin State University

Bachelor of Science in Computer Science

Nacogdoches, TX

August 2021 - August 2023

#### President of Stephen F. Austin State University Computer Science Club

- Led a team of students to build a physical arcade machine that ran video games developed in Python on a Raspberry Pi, controlled with joysticks and buttons.
- Organized and managed tasks for team using Jira, breaking down the large project into easily consumable, descriptive, and clear tasks.

## Experience

---

### Project Manager

Optomi Professional Services

Nacogdoches, TX

January 2025 - Present

- Contractor for Marriott International
- Overseeing the global deployment of the Windows 11 upgrade across all 180,000+ Marriott managed devices.
- Working with continent leaders from all regions (US/CAN, EMEA, APAC, CALA) and project stakeholders to collect and implement requirements for the deployment of the Windows 11 upgrade.

### Associate Software Engineer

Optomi Professional Services

Nacogdoches, TX

October 2023 - January 2025

- Contractor for Marriott International
- Working with application owners, vendors, and multiple engineering teams to ensure compatibility between 200+ Marriott web applications and the Island Enterprise Browser.
- Boosted adoption of the Island Enterprise Browser by creating demo videos for end users and leadership to visualize new features and changes.
- Stepped in as Interim Scrum Master (as needed), managing a team of 12 engineers in collaboration with the Enterprise Browser Product Owner and taking ownership of Agile/Scrum processes and ceremonies (stand-ups, retrospectives, etc).

## Relevant Projects

---

### [www.JorgeHernandez.net](http://www.JorgeHernandez.net)

August 2023 - Present

Created a responsive personal portfolio website using HTML, CSS and JavaScript.

- Hosted using GitHub and a custom domain.
- Simple but effective user interface (UI) to ensure great overall user experience (UX).
